Hi Karen,

I know that API's CAIG group has set up a meeting with EPA on March 27 about OOOOa. I was wondering if I would be able to request an hour face-to face meeting with EPA either the same day that afternoon, or even the afternoon of the 26<sup>th</sup> as I will be in attendance for the CAIG meeting.

The items I'd like to cover are those that were in my comment letter on the rule: Repair deadlines, Disposal wells, and if there are any questions about my North Slope specific information which I could address. I've attached a copy of that letter for reference.

Please let me know what would work best for you. Thanks!

Regards,  
Laura Kay Perry
